My dear Mrs. Macmillan —

In looking over a
Trenton paper that came
a few days ago my eyes fell
upon a most interesting
announcement — I must
confess though that I
was not at all surprised
for while in Trenton —
last summer a little
birdie whispered to me
that a certain very
distinguished gentleman

was very much interested -
I have always considered it
a privilege to know Mrs Buff.
and me. I shall feel it a very
great honor to know the wife
of one who has distinguished
himself so nobly in the service
of his country. We have been so
interested in everything concerning
Dr. Remond since he was called
to the front - We remember so
fascinatingly our meeting him at
the Seaboard during your last
visit together in Canada, and
I hope the Danish will forgive us,
I think you will
wonderfully brace & give him
up as above - especially when
his comforting sympathy must
have been so greatly needed -
Sometimes I wonder that the
Danes don't care about
so much.

We are all longing for the
still calm life once more for
our dear ones in Canada
I fear we are going to be

invited if that time doesn't
come before — or you will have
Please tell Dr. Marcelline when
you will dinner that we think
he is a very lucky man.
Mr. Stratford wishes me
to send his very best wishes
with mine, and many happy
years.

Yours sincerely

Dennis T. Stratford

Dear Mrs. Bassett,-
By the papers
I see you are leaving
to join your Husband
very soon ——— our
united love and

good wishes will follow
you over the old
Herring Pond. When
you return I hope
the terrible conflict in
Europe will be over
(that means in the very
near future) so that
you may bring your
husband back to catch
you.

Mr. Dian and I
still have very tender
memories and appreciation
of the clever work by
your students in their
Shakespearean performance
you so kindly invited

us to.

Good bye dear
Mrs Bascom

Affectionately yours
May Perry-Wain
